Dear Jim,

Johnny and I wanted to send our thanks to you and your company for your excellent support and design of the Technical Micronics Control, Inc. web site. The final finished product greatly exceeded our expectations. You are to be commended for taking the TMC brochure and company pictures and capturing that information in to the corporate website. You finished within the allotted time frame and stayed below our budget.

Thanks Jim.....GOOD JOB!

Sincerely,
Technical Micronics Control, Inc.
